

CHATHAM HISTORICAL COMMISSION  
*Chatham, Massachusetts 02633*

November 4, 2019

Greetings "Preservationist",

2020 will mark the 16th anniversary of the "Chatham Preservation Awards" program. The Historical Commission, Historic Business District and the Historical Society, sponsors of the program, once again ask you to consider your recently completed projects in Chatham to assess if they meet the program criteria.

We strongly believe that this program has been a "Win-Win" opportunity for the preservation of Chatham's historic resources, the architectural/builders and developers who choose to work in Chatham, and the property owners. Together we have recognized the good work that can be accomplished in meeting modern living requirements while respecting the historic "Sense of Place by the Sea" that Chatham offers.

We look forward to hearing from you!

Thank you,

Danielle Jeanloz  
Chairman, Chatham Preservation Awards Committee
